

## Cost-of-Living - Local Help

The County Council and District Councils across Staffordshire have all been looking at ways to help people. A lot of warm hubs and community cafes were set-up at the start of the winter. Information about warm spaces and food banks was made available both online and through leaflets or residents' magazines. A food distribution hub was set-up in Stafford to help food banks. More information is being made available on financial support and benefits available and how to better manage money and energy. There are also some community grants.
